PT Aneka Gas Industri Tbk (AGII)

Investor Relation Release

11 November 2016

The 44th Air Separation Plant Commissions

- On the 100th anniversary of PT Aneka Gas Industri Tbk (AGII), Mr. Arief Harsono, the President Commissioner of AGII, established our 44th Air Separation Plant (ASP) in Riau province right after the Company released its 2016 Q3 result.
- The ASP is built for serving our pipeline customers in agro industry and AGII expects by setting up its presence in Pelintung , Dumai, this will enable Riau province to grow its economy tremendously.
- Ministry of Industry (Mol) has set a target growth of agro industry in 2016 amounted to 7.7%. The Mol is committed to implement industrial policies that emphasize on downstream processing of natural resources, including in the agro industry. Moreover, Indonesia is a major producer in the world agro products such as palm oil, cocoa, coffee, rubber, coconut, seaweed, and tropical fruits where AGII plays an important role in the agro industry. This refers to Minister of Industry Regulation No. 35/M-IND/PER/3/2015, dated March 26, 2015, regarding the Amendment of Minister of Industry Regulation No. 87/M-IND/PER/12/2013 regarding the Mandatory Application of the Indonesian National Standard (SNI) for Palm Cooking Oil and revision on Ministry of Trade Regulation No. 54/2015 on Verification or Technical Research of the Export of Palm Oil and Its Derivatives
- The Government of Indonesia predicted the assumption of domestic economic growth at the level of 5.3% in the Draft State Budget. Given the prediction, AGII estimates there is a potential of 15,9% sales growth in 2017 (3X multiplier).
